

User Story Mapping Example

User Need

AS an unregistered user I want to signup and login to the system in order to be able to use it

High-Level Solution Direction

- User is able to register for the system. Email will be used as a username.
- User will be Logging In with username/password credentials which have been provided on the registration screen
- User should be able to restore password in case if it was forgotten/lost

Relevant High-Level Feature Discussion pages

(these pages are used to discuss features before design has started)

[Sign In page](#)

Success Criteria

- User should be able to register a new account in the system, unless the username already exists.
 - Email will be used as a username.
 - Only valid email addresses are accepted as a username
- User should be able to login with the new account system
- User can change a forgotten password via an 'change password link' sent to his email

Not in a scope / Later / Ideas

- User can be authorized via a Gmail account
- User can be authorized via a Facebook account
- User can use remember my credentials option
- After 5 (Five) unsuccessful LogIn attempts, the user account should be blocked

User Journey

	Step	Designs	User Stories	Design Done	Open Issues
1	Fill in account details	 <p>Links to InVision</p>			

3	Send confirmati on email		<div data-bbox="846 142 1170 254" style="border: 1px solid #ccc; padding: 5px;">  VK-80 - Send confirmation email DONE </div>	
2	User's authorizati on flow	<div data-bbox="293 289 818 974" style="border-bottom: 1px solid #ccc; padding: 5px;"> <p style="text-align: center;">Login to Account</p> <div data-bbox="342 310 472 394" style="border: 1px solid #ccc; padding: 5px;"> <input type="text" value="Your Email"/> <input type="password" value="Password"/> Sign Up Login Forgot Password? </div> </div> <hr/> <div data-bbox="293 457 818 604" style="border-bottom: 1px solid #ccc; padding: 5px;"> <p style="text-align: center;">Login to Account</p> <div data-bbox="342 478 472 573" style="border: 1px solid #ccc; padding: 5px;"> <input type="text" value="Your Email"/> Please enter your email address. </div> <div data-bbox="342 520 472 573" style="border: 1px solid #ccc; padding: 5px;"> <input type="password" value="Password"/> Please enter your password. </div> Sign Up Login Forgot Password? </div>		

Login to Account

Warning!
User login or password is incorrect.

Sign Up Login
[Forgot Password?](#)

Login to Account

Incorrect email address format.

Sign Up Login
[Forgot Password?](#)

4	Restore password -send a confirmati on email		VK-81 - Forgot Pass (Send restore pass link) IN PROGRESS		
5	Restore password link expiration period		VK-83 - Forgot Pass (link expiration period) IN PROGRESS
